ATEN VC965 - DisplayPort adapter - DisplayPort (M) to DVI-D (F) - white

Manufacturer [ATEN Technology](#)

EAN 4719264643705

Manufacturer# VC965

Description

The VC965 is a DisplayPort to DVI adapter, allowing you to connect your device's DisplayPort output to the DVI input of a TV or other display. The VC965 provides a cost-effective yet high performance signal conversion solution. This adapter is therefore perfect for computers and notebooks, supporting display resolutions of up to 1080p.
